THE ROAD TO SUCCESS IS NOT STRAIGHT

“There is a curve called failure

A loop called confusion

Speed bumps called friends

Red lights called enemies

Caution lights called family

You will have flats called jobs but

If you have a spare called

DETERMINATION

An engine called perseverance

Insurance called faith

A driver called G-d

You will make it to a place called-

SUCCESS“

You can get to your success destinations more smoothly and quicker with my Peak Performance Success and Career coaching assistance and also benefit from my certification to teach anger management which includes stress management and effective communication skills.
