Wine lovers @516Ads unite! Join us on our unique journey to vineyards around the globe. Enjoy wine tasting fine wines and exclusive vintages from boutique vineyards with the right touch of class.

Simply imagine five complimentary bottles of exceptional wine brought to your home, corporate function, fundraiser, bridal shower or your special event of choice. Friends, family, and colleagues will love the free wine tasting experience from countries such as France, Italy, South Africa, Chile, California to name a few. In addition to the five complimentary bottles of red and/or white wines, you and your guests will experience a fun and entertaining tasting demonstration, tasting notes and food paring suggestions. We also educate your guests with fun trivia, facts and interaction that leaves one lucky winner a special gift. Your guests will then be able to order the wines their palates enjoyed as well as wine accessories.

We also make it accessible to order Passport Wine of the Month Club or your choice of wines to send as gifts to ones that may are wine lovers or already have everything.
