

"SURPRISE!!!"

Kimberly Konzack
November 2009

I found out about 2 weeks ago that I have been blessed with a pregnancy of twins. I have to admit, I am still overwhelmed by the news. As a result of the pregnancy, I developed very bad cystic acne on the right side of my face. For anybody, acne is never a comfortable condition to deal with. As a woman over 35 and a teacher, the acne really made me self conscious.

So, just as I do with anything, I took action. Thanks to Arbonne's amazing botanical acne line, my face is crystal clear. I wasn't worried about using it because all the products are hypoallergenic and dermatologist tested. My doctor even gave me the ok to use it. What we put on our skin goes into our bloodstream, but with Arbonne's products, I don't have to worry: no animal by-products, no mineral oil....just PURE, SAFE AND BENEFICIAL.

Thank you Arbonne for your amazing line of products....ones that have helped me and countless other to look better and feel better about themselves!

To your health!

Please contact me about my business opportunity.
