

The Passport Wine of the Month Club

David Margulis
October 2008

Who doesn't like to travel? We love traveling. We have been all around the world.

Nowadays there seems to be so many other people traveling, the airports are crowded. The destinations are crowded. Not to mention the expense, with the dollar being so low against foreign currencies. We at the Traveling Vineyard may have a small solution to your travel woes. The PASSPORT wine of the month club. Travel to fine vineyards from around the world without leaving home. You can visit vineyards from South America, South Africa, Australia, and Europe from the comfort of your home.

The PASSPORT wine of the month club is truly a wonderful gift idea. What the recipient receives is 2 bottles of wine a month for the specified period of time. (Three, Six, or Twelve Months). Along with the wine they also receive complete information not only about the wine, but also about the region where it hails from. For example if the wine came from the Maule valley in Chile, you would receive detailed information all about that region of Chile. The PASSPORT wine course with monthly regional lessons, includes tasting notes, recipes and winemaker secrets.

You know there are many way to say Thank You. A card, a phone call, a letter. How about wine? Ever get stuck trying to figure out what to give someone for a gift? You know the feeling. An anniversary, birthday, graduation, whatever the reason. You need a gift. We at The Traveling

Vineyard are not just about wine tasting. We are also about gift giving. I'm sure you all know people who love wine. We have the perfect gift for your wine loving friends. So travel the world through wine, and give the gift of world travel. The PASSPORT wine of the month club. For more information contact:
